Mt. Daisen is revered as the Mountain of Fire God and is believed to be the Seat of Great Gods.

At Daisen, a Torch Parade takes place on Natsuyama Summer Festival's eve, an event that gathers tourists from all over Japan each year.

Parade participants march holding a torch and form a River of Flames as they march on the approach. This sublime and yet ethereal night scene gives the impression of Mt. Daisen being enveloped by sacred flames. Visitors and participants alike will surely create unforgettable memories and be moved by the view.

As part of our promotions and projects pertaining to Mt. Daisen's 1,300 Years of History Festival in 2018, we are organizing a special event, Autumn Torch Parade.

Come experience an unusual Torch Parade.
